Springdale Jr.-Sr. High School Families:

I am writing today to provide some information regarding the attendance of spectators at fall sporting events. In order to keep within the guidelines established by the Allegheny County Health Department, the district must limit the total number of individuals at outdoor games and still cannot allow spectators at indoor fall sporting events. Below, you will find important information as league competitions start up this week:

Football Games: Football Players, Cheerleaders, and Band

One blue courtesy pass will be given to each football player, cheerleader, and band member. The spectator will be required to show the courtesy pass in order to enter the gate on Lincoln Avenue. Spectators will be seated in the spectator pod (to the left of the 50 yard line if sitting in the bleachers and looking at the field). Spectators must wear a mask and are asked to practice social distancing.

Soccer Games: Boys and Girls

Three blue courtesy passes will be given to each boy and girl soccer player. Each spectator will be required to show the courtesy pass for admission and will sit in the spectator pod in the bleachers. Spectators must wear a mask and are asked to practice social distancing.

Junior High Football

Four blue courtesy passes will be given to each player. Each spectator will be required to show the courtesy pass in order to enter the gate on Lincoln Avenue. Spectators will be seated in the spectator pod (to the left of the 50 yard line if sitting in the bleachers and looking at the field). Spectators must wear a mask and are asked to practice social distancing.

Volleyball/Jr. High Girls Basketball

No spectators are permitted per the Allegheny County Health Department's guidelines on inside events.

Other Information

For football and soccer games, spectators will not be required to pay an admission fee; additionally, spectators are not permitted to exit and re-enter the

facility. Finally, please note that the concession stand will not be open for any games.

Distribution of Courtesy Passes

Coaches will distribute passes to players at practice.

In conclusion, I know that this news might be disappointing. My team and I put much effort into coming up with a plan that allowed spectators to attend games while also abiding by the established limits on the total number of individuals at events in Allegheny County.

Thank you for your understanding and patience. It is appreciated.

Go Dynamos!
